

Year 1 Suggested order of topics

AUTUMN TERM:

Place value 1 - Counting
Mental calculations 1 - odd and even
Addition and subtraction 1 - number bonds to 20
Measures 1 - Sequencing events
Geometry 1 - 2D shapes
Multiplication and division 1
Measures 2 - Money
Problem solving 1 - finding all possibilities

SPRING TERM:

Place value 2 - identifying & representing numbers
Mental calculations 2 - Adding several small numbers
Addition and subtraction 2 - Adding and subtracting
Measures 3 - Time
Problem solving 2 - rules and patterns
Multiplication and division 2
Fractions 1 - Halves and quarters
Geometry 2 - Position and direction
Measures 4 - Compare measurements in practical contexts

SUMMER TERM:

Place value 3 - Comparing and ordering numbers
Mental calculations 3 - Adding and subtracting 9 and 11
Addition and subtraction 3 - Adding and subtracting
Geometry 3 - 2D and 3D shapes
Measures 5 - Measuring and recording
Multiplication and division 3
Fractions 2 - Fractions of an amount
Problem solving 3 - logic problems
