

Register of Interests

The governing body must ensure that governors and staff are not involved in activities that might conflict with their role within the school. It is especially important to demonstrate that individuals do not benefit personally from the decisions made by the governors, unless such decisions are made openly and legitimately. As such the register of interests must be available on the school website.

This should be updated fully each year and reviewed during the year. It is incumbent upon all governors to make the school/academy aware of any changes during the year.
