

Year 2 Trip to Wedgwood

On Tuesday Year 2 went to the World of Wedgwood in Stoke-on-Trent to help further their understanding of their topic on People of the Past. It was a very busy day with a visit the Josiah Wedgwood Museum, a look round the modern factory, object handling and investigating and then finally finishing with all the children making their own piece of Wedgwood! This needs to be fired so will be collected as soon as possible for the children to bring home. The children represented St. Paul's perfectly and were keen to learn all they could and experience everything on offer.
