

Year 3 Trip to Think Tank

The children in Year 3 visited Thinktank in Birmingham on Tuesday. This was an opportunity for the children to learn more about their current topic "The Human Body". The children took part in a science show called "Under Your Skin" and a science workshop called "Movements and Machines". They had the opportunity to explore the science garden, experience mighty steam powered engines, discover the wildlife gallery and much more! Needless to say, they had a great day! Here are some photos from the trip:
