Dear Parents,

St Paul's First School Parent Forum

This week we had our first Parent Forum meeting. Our new parent representatives came along to meet with the Vice-Chair of Governors and myself. As well as discussing the fantastic news in our Ofsted report, we also set terms of reference for the group.

My main aim for the forum is to establish a positive and effective partnership between school and home. With this aim in mind, it is important to clarify to parents that the forum will be a positive group that looks at building on the good practice that is already in place within the school.

The forum will not be an opportunity to discuss specific pupils, specific parents or individual school staff. These should be discussed one to one with the relevant teacher or Headteacher as appropriate.

Your class representatives are:

Nursery	Sonia Cheal
Reception	Amie Morgan
Year 1	Joanne Cole
Year 2	Mary Edge
Year 3	Tracy Baldwin-Jackson
Year 4	Kathie Vickers

Should parents have any concerns, please pop into school to speak to me directly. I am at the Key Stage 2 door every morning or alternatively pop into the office to make an appointment with myself or any other staff member.

Many thanks for your continued support.

Miss K Roberts
Headteacher
